🎓 **PGCE Qualified Teacher | Cambridge University | PhD Maths**

With a PhD in Maths from Cambridge and a PGCE, I specialise in helping A-level and IB students excel and have been teaching Maths since 2011. I transitioned to online tutoring several years ago and have taught students from the UK to Europe in various fields such as IB, A-Levels, IGCSEs as well as GCSEs.

## Qualifications

**Cambridge University:** PhD in Maths (2006–2011)

**PGCE:** (2011–2012)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I have been teaching Maths since 2011, drawing on my PhD from Cambridge University and a PGCE to provide specialised instruction across multiple curriculums, including IB, A-Level, GCSE, and IGCSE. Over the years, I've worked with students across the UK and Europe, helping them navigate complex mathematical concepts with clarity and precision. My experience ranges from foundational GCSE Maths to advanced IB and A-Level topics, ensuring that my students are well-prepared for both exams and further study.

## Tutoring Approach

My teaching approach is built around each student's unique learning style and academic needs. By identifying strengths and gaps in their understanding, I tailor lessons to target specific areas for improvement. Whether it's mastering calculus for IB Maths or fine-tuning algebra skills for GCSEs, I ensure that each session is focused, clear, and geared toward helping students meet their academic goals with confidence. My ultimate aim is to simplify challenging topics and make Maths both accessible and engaging.
